Methodist Episcopal Church Notes.

We are glad when we have to bring
in additional chairs to the prayer ser-
vice. Come to the meeting tonight.

Sunday services. Sermons by the
pastor at 10.30 a. m., and 7.15 p. m.,
Bible school following morning wor-
ship to which all are invited. Rally
day has been definitely settled upon for
October 10. We hope that all our
people and any strangers without a
church home will plan to be with us
that day.

The evening meeting at 7.15 will be
opened with a song service after which
the pastor will speak briefly on a
theme that should interest all.

Special services are to be held each
evening of the week except Saturday,
beginning Oct. 10 and probably contin-
ue through the month.

With no electricity within or with-
out, and the wind blowing a gale and
threatening rain it is not to be won-
dered at that only a small company
gathered to hear Rev. E. A. Tuck
Sunday night. This is to be regretted
as the address was intensely interest-
ing, and treated a matter of vital
importance while the anthem by a
large choir and the solo by Mrs.
Searles, were worthy of a full house.
However, under the conditions, we
were surprised to see so many out,
and the offering was a generous one.

Congregational Church Notes.

The mid-week service will be held in
the chapel tonight at 7.30. The sub-
ject is, "Lessons from Summer Expe-
riences." This is a fruitful theme and
we expect a good service.

Sunday will be observed as Rally
day. All the services will have some
particular features of interest. At
the service of worship in the morning
at the usual hour, the pastor will
preach upon a timely theme and the
choir will render some pleasing music.
We hope all who possibly can will be
present. The Sunday school will meet
at the close of the morning service and
a feature for this day will be exercises
by every class of a varied nature.

Then will follow the lesson for the
day. Do not miss this session unless
absolutely obliged to do so. At the
evening service in the church we
expect another profitable hour. The
first portion will be devoted to song
and the pastor will speak briefly. His
address will be the third in the series
upon Church Problems which was be-
gun recently. The special matter
dealt with at this time will be the
Problem of Methods. Let all the
members and friends plan to be at
this service and at all the services of
the day, and thus contribute to their
success.

Many comments have been heard

How to Utilize Odd Bits of Soap You Have Saved.

Save the odd bits of toilet soap, the
more expensive and highly perfumed
ones as well as the ivory. When you
have a good collection let them sim-
mer in a little water on the back of
the stove. When quite dissolved add
violet water or any desired perfume
and a few drops of lemon juice. Pour
into desired mold and allow to harden.
A delightful perfumed soap will be
the result. Treat all bits of yellow com-
mon kitchen soap by themselves. You
will be surprised to see how much
good soap you would have wasted had
you thrown away the useless bits.

WOMAN'S RIGHTS.

As for myself I am not in
doubt as to my duty. Without
minimizing other arguments ad-
vanced in support of the extend-
ing of suffrage to woman, I
place the emphasis upon the
mother's right to a voice in mold-
ing the environment which shall
surround her children, which
operates powerfully in determin-
ing whether her offspring will
grow her latter years with joy
or bring down her gray hairs in
sorrow to the grave.

Politics will not suffer by wo-
man's entrance into it. If the po-
litical world has grown more
pure in spite of the evil influ-
ences that have operated to de-
base it, it will not be polluted
by the presence and participa-
tion of woman. Neither should
we doubt that woman can be
trusted with the ballot. She has
proved herself equal to every re-
sponsibility imposed upon her;
she will not fail society in this
emergency. Let her vote!—Wil-
ham Jennings Bryan.

More Profit in Stock Raising

can be made if the digestive capacity of your animals is increased
and perfect health maintained. Dr. Hess Stock Food is the
prescription of Dr. Hess (M. D., D. V. S.) for increasing the di-
gestion, regulating the bowels, purifying the blood and relieving
the minor stock ailments.

A healthy animal only digests about 50 per cent of its food.
By the addition of bitter tonics this amount can be increased. If
a healthy animal can be improved, think of the profit in feeding

Dr. Hess Stock Food

to an unthrifty animal. It restores health and compels the animal to
convert the largest possible percentage of the food eaten into bone,
muscle, milk, fat, etc., permitting less to pass off as waste

Dr. Hess Stock Food is the scientific kind; it has the medical and
veterinary institutions back of it. Sold on a written guarantee.
